DJM Dream Beams

Before Apple introduced iPods, iPhones, or iTunes, Ford invented the "Twin I-Beam" suspension. A revolution in suspension technology that has lasted from 1965 to today.

DJM has been lowering Fords for 15 years. Enthusiasts magazines and professional installers have been heaping praise on Dream Beams ever since!

"STRONGEST AND MOST ACCURATE LOWERING BEAM ANYWHERE"

CALMAX Control Arms

Control arms are the favorite choice of installers and "do it yourselfers" when lowering pick-up trucks and SUV's.

CALMAX Control Arm Systems by DJM are the standard for lowering without the nasty side effects of the past, no alignment problems, crummy rides, wheel clearance, etc.

Big drops with factory springs keeps factory suspension travel and keeps your factory ride.

CALMAX SUSPENSIONS ARE SIMPLY THE BEST!

DJM Spindles

The part that helped make lowering a popular American pastime. The spindle has lowered more trucks than any other part.

DJM Spindles are machined from high quality ductile iron by computer controlled mills and lathes and fit tested before they are boxed to ship to you!

"THE BEST SPINDLES IN THE SPINDLE BUSINESS"

DJM Coil Springs

Lowering coil springs can be the perfect mate with spindles or can be used by themselves to lower your truck

DJM lowering coils are tough, hot wound computer matched springs. Designed to provide a sport performance ride without sacrificing comfort, quality or long life.
