Getting the Word Out

TRENZ introduces hundreds of new products annually and we are committed to letting the world know about it. We regularly distribute press releases and email alerts, showcasing our products through photos and detailed text. This kind of promotion will help increase your bottom line.

You can also find us in many of today's most popular consumer and trade magazines, as well as catch us on television.

Our products drive consumer's fascination as our products can easily enhance their vehicle-quickly and affordably. This media coverage benefits not only us, but you as well, encouraging your customers to pick up the phone and place an order.

Our website is another primary source utilized to promote our product and push customers in your direction. www.trenz.com offers high quality images and detailed descriptions for each product, educating your customer on why TRENZ is the best billet aluminum product available.

2004-Catalog

TRENZ 2004 catalog has been completely revamped to showcase our cutting-edge design and superior product quality. The 2004 Catalog is pack with our newest grill designs, our new 3-D Billet rear view mirror line, and product for the hottest new vehicles on the road today, including the 2004 Ford F-150 and Hummer H-2.

New-Packaging

We will be releasing our new product packaging for the following product lines : 3-D rear view mirrors, bow ties, emblem accessories, license plate frames and pedal kits. In keeping with TRENZ flare and style, each package has been redesigned to retain the customer's interest, showcase our superior quality and provide easy visibility of the actual product.

TRENZ™

The TRENZ Difference

TRENZ products excel where other billet imitation products fall short. We encourage your customer to add creativity to their lifestyle with the easy installation of our billet aluminum accessories. Made of only the highest quality billet aluminum and manufactured to withstand various weather conditions and the test of time, your customer is sure to be ecstatic with the TRENZ product.

At TRENZ, we attribute our success to three key elements: quality, design, and customer service. Our product line of billet accessories ranges from antennas, license plate frames, emblems, rearview mirrors, dash kits, pedals, and custom steering wheels. With extreme attention to detail, we create each product by hand. This assures a one-of-a-kind design. Finally, customer service. This is an integral part of the TRENZ business. We are committed to providing you with the most up-to-date product information and equipping you with helpful sales tools and increase your bottom line.

About our Catalog...

Since 1993, TRENZ has led the Automotive Aftermarket Industry in design, engineering and production of billet aluminum accessories.

This catalog includes photographs of most of TRENZ' A-moving product as well as 12 pages of the company's grills. Much to our regret, it is impossible to include information and photographs of all 3,000 products we manufacture.

Please consult TRENZ' 2004 Application Guide for a complete product listing. Also, checkout our website at www.trenz.com for updates on new product releases, up-coming events and distributor programs.

In addition to grills, TRENZ manufactures hundreds of high-quality, innovative aluminum interior and exterior accessories. From billet antennas and hitch covers to interior dash and panel kits, TRENZ offers unique designs and pieces to compliment any vehicle. TRENZ uses only the highest caliber of T-6 aircraft aluminum to make strong and durable products that can be used every day and require little or no maintenance.

TRENZ billet accessories are manufactured to fit all factory vehicle options and are available in several standard styles, making it easy for you to mix and match the interior and exterior products you desire.

TRENZ - the ONE-STOP shop for all your billet needs.
 TRENZ - where value and pride are everything

Billet Accessories

Warning:

This mirror may be smaller than the standard mirror that your vehicle is equipped with. Consequently, the range of visibility will be reduced. Also, this mirror may possess sharp protruding edges and corners that could cause injury if you come in contact with them intentionally or unintentionally.

Valve Stem Covers

Trenz billet valve stem covers are the ultimate finishing touch for your wheels. Available for rubber, metal and low-profile valve stems.

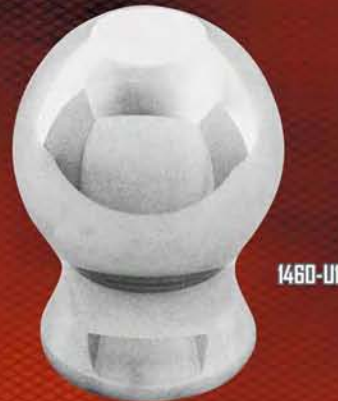

Windshield Wiper Covers

Clean up your windshield with billet wiper covers. Match the style to our other billet accessories. Available for "GM", "Ford" & Universal styles.

Hitch Ball Cover

Manufactured from a one piece solid billet aluminum block. This massive 5" diameter hitch ball cover protects your hitch ball and gives your truck a look like no other.

Hitch Lock

Secure your hitch cover/ball mount with this sturdy and stylish theft resistant hitch lock.

Hitch Covers

Trenz billet hitch covers are the perfect way to clean up the back of your vehicle. Choose from a large selection of logos and designs or create your own.

Group A hitch cover

All "Group A" hitch covers come as powder-coated w/satin finish only.

**Fits GM
Columns Only !!!**

Extreme billet! The only true 100% forged billet steering wheel. Construction begins with a forged billet aluminum block. Which goes through several machining processes and finally it is polished to a mirror-like finish. The end result: a one-piece steering wheel/hub unit. No additional adapter is required. To keep the ultra clean look, the horn button is disguised in the Trenz logo.
