PRODUCT GUIDE 2011

GENTEX OEM MIRRORS

Eliminate dangerous glare from rear-approaching headlights with this sophisticated night driving safety accessory from Gentex Corporation. Special sensors and electronic circuitry detect glare and automatically dim the mirror accordingly. An accurate self-calibrating compass keeps you on track; exterior temperature display warns you with an ICE indicator when outside temperature is at or below 37 degrees.

Activate garage doors, gates, home lighting and more with the press of a HomeLink® button nicely integrated into the auto-dimming rearview mirror with outside temperature and compass.

AUTO DIMMING MIRRORS- Factory Mirror!

Part Number	Description
