Please call for vehicle compatibility for reverse camera programming. Currently available for all 2009 and up Ford, Lincoln and Mercury vehicles that play DVD video on the front screen while in park. Rear view camera sold separately.
NTV-KIT224	SYNC A/V SWITCH	Floating ground A/V switcher for Ford (adds 2 A/V inputs)
NTV-KIT231	AUDI3G-WORKS 2009-up Audi	Audi VIM, A/V and rear camera programmer: Mid year 2009 A4, S4, A5, S5 and Q5 with the 3G MMI and ability to read DVD on park mode.
NTV-KIT186	AUDI09 2009-up Audi A4, A5 and Q5 (LVDS)	Automatic backup camera input triggered by the reverse signal. Provides 2 A/V inputs and a dedicated reverse camera input. A/V modes are switched through the factory MMI controller or the provided switch. Video in Motion is supported. Use with MOSTAUX for a complete A/V solution. Note: Not all vehicles are on MOST. Please verify the presence of MOST fiber optic prior to ordering the MOSTAUX.
NTV-KIT086	BMWVIMFT 2010 3 & 6 Series / X5 / X6 with factory DVD	Allows factory DVD to play while vehicle in motion.
NTV-KIT109	BMW56CAN 2004-2008 BMW iDrive 3,5,6 Series (LVDS)	Back up camera interface triggered by reverse signal and through CAN. Two A/V inputs plus a dedicated back-up camera input. Video in motion is supported. Use with MOSTAUX for a complete A/V solution.
NTV-KIT174	BMW09 2009 BMW 3, 5, 6 and 7 Series (LVDS)	Backup camera interface triggered by reverse signal or through CAN. The BMW09 provides two audio/video inputs plus a dedicated back-up camera input and front night-vision camera input for FLIR PathFindIR. Perfect for retrofitting any BMW that did not come stock with the FLIR night vision camera! Video in motion is supported. Use with our MOSTAUX for a complete audio/video for a complete audio/video solution.
NTV-KIT167	GVIF-RR 2005-2009 Land Rover/Range Rover	Back up camera interface triggered by reverse signal. Two A/V inputs plus a dedicated back-up camera input. Video in motion is supported. Use with MOSTAUX for a complete A/V solution. Controlled through CAN or the reverse wire. Vehicle must be in NAV mode to display picture.
NTV-KIT032	OPV-1CVTCC 2005-2008 Porsche Cayenne W/PCM2	Enables Audio/Video input for 2005-2008 Porsche Cayenne
NTV-KIT029	OPV-1RVTCR 2005-up Range Rover A/V input	Allows for audio and video to be displayed on the navigation screen. Plug and Play. Video in Motion supported.

MULTI-PURPOSE BACK-UP CAMERA, VIDEO IN MOTION AND AUDIO / VIDEO INTEGRATION

NAVTV PART #	MODEL	DESCRIPTION
NTV-KIT113 / 114	PCM3MEDIA KIT* (955 or 997) 2009-UP Porsche PCM3 Btooth, B-up camera option with iPod, USB and Aux input.	Multi purpose Plug and Play interface with OEM integrated Btooth hands free, optional back up camera integration and iPod control with video output kit via the navigation screen. Back up camera automatically switches over to the navigation screen when vehicle is placed in reverse. Can be manually activated with touch screen activation. Includes aux input and USB input for Zune, memory stick and other USB audio devices. <i>Sports car do not support b-up camera.</i>
NTV-KIT008	MOSTAUXAUD 2005-up Audi	Plug and Play audio integration for external audio devices. Allows for audio input into the factory multimedia system
NTV-KIT152	MOSTAUXBMW 2005-up BMW with MOST	Plug and Play audio integration for external audio devices. Allows for audio input into the factory multimedia system
NTV-KIT002	MOSTAUXMB 2004-up Mercedes	Plug and Play audio integration for external audio devices. Allows for audio input into the factory multimedia system
NTV-KIT001	MOSTAUXPOR 2005-up Porsche W/PCM Radio	Plug and Play audio integration for external audio devices. Allows for audio input into the factory multimedia system
NTV-KIT007	MOSTAUXRR 2005-up Range Rover	Plug and Play audio integration for external audio devices. Allows for audio input into the factory multimedia system
NTV-KIT038	RGB2+ Universal RGB converter	Back up camera interface triggered by reverse signal
NTV-KIT069	VTC-RR PKG 2005-up Land Rover / Range Rover	Video in motion for vehicles with factory DVD already displayed on the front touch screen monitor.
NTV-KIT211	GMVIM "BARRACUDA" USB 2007-up GM W/DVD multipurpose module	Building off the success of our GM interface modules, we are pleased to bring you the next generation GMVIM on steroids. The all new GM "Barracuda" is a revolutionary leap forward in multi-purpose OEM integration and offers features no other competitor can match at any price point. The "Barracuda" is a plug and play interface that supports video in motion, navigation destination entry, Onstar dialling, satellite category scrolling, DVD menu control, reverse camera and front FLIR camera while in motion. All programming and commands are displayed directly on the stock instrument cluster for visual verification. There are two programmable inputs/outputs as well as a built in FLIR controller to add colorization, picture inversion and zoom to the full-featured Flir PathFindIR infrared camera. *Vehicle must be equipped with a factory back-up camera or be compatible with our GMLANCAM for forced front and rear camera in motion. If the vehicle qualifies for our GMLANCAM it must be used in conjunction with the Barracuda for camera operation.*

*Different version available, see application chart for vehicle specific application

OTHER

NAVTV PART #	MODEL	DESCRIPTION
NTV-KIT155 / 210	MOSTHUR* (955 or 997) MOST head unit replacement module	The MOSTHUR allows the factory head unit to be replaced with an aftermarket radio while retaining the factory speakers, MOST amplifier and steering wheel controls.
