

# Time

BRING YOUR GEAR NORTH AMERICA

# Your test...

There is that moment when breaths come hard, limbs hang heavy and you have to make a choice: give into the sweat or ride the adrenaline. With each mile, each turn, each movement that struggle shifts. It's no longer you against nature. It's you against you.

Whether your test includes loading up the bikes for 2,000 feet of elevation changes, or packing up the luggage and the cargo box for a weekend with the family, Thule is designed to get you there. The challenge should be what lies ahead on the open road, and not how you are going to get your gear there.

# There's no such thing as too much testing.

That's what we think anyway. We build products that live up to just about any challenge. At the Thule Quality Test Center, we bend, brake, shake, and crash our products before we let you touch them. That is why Thule makes some of the strongest, most weather resistant and longest lasting products on the planet.

# Why Thule?

## Perfect Fit. Stringent Testing Standards. Made in the USA.

**Perfect Fit.** Thule's goal is not only to fit as many vehicles as possible, but to fit them safely and securely. We offer more over-all fits than any other rack manufacturers, giving you the most options for your carrying needs.

#### Stringent Testing Standards. With

testing facilities throughout the world, Thule manufactures some of the strongest, most durable and longest lasting products on the market. We are so confident; we back our rack systems and carriers with a lifetime warranty.

Made in the USA with solar power. Over 80% of Thule products are made in USA of U.S. and imported parts. By manufacturing locally, we are able to have better control over our quality process. When your transporting your gear, take comfort that our North American factories were the last to inspect it. Even more important, locally made car racks reduce our environmental impact!

# A foundation to last a lifetime

If you want to build something solid, you have to start with a strong foundation. From our humble beginnings in Sweden in 1962, Thule has been developing, testing and building the most durable rack systems on the market. Over the past 5 decades we have been transporting gear that gives people the freedom to enjoy an active lifestyle. We know how strong our foundation is. That's why we guarantee our rack systems for life.

1

Solid, dependable and able to fit almost any vehicle, our base racks are the best you can buy. Whether you go for the styling and aerodynamic design of the Thule Rapid Aero bar, or the timeless design of Thule square bars, you can rest easy that you will get your gear where you are going safely and easily.

### **Technology & Features**

#### **Simplified Installation**

User-friendly features found on Thule Foot Packs allow for quick installation onto your vehicle. For example, the Thule Traverse<sup>™</sup> has an integrated AcuTight<sup>™</sup> tensioning tool that visually indicates when the rack is safely attached to the vehicle.

Utilize Existing Factory Rails Thule's Crossroad<sup>™</sup> Foot Pack easily converts existing factory racks with raised side rails into full-featured Thule rack systems. Better yet – it only takes 5 minutes to install!

**Two Bar Options for a Custom Look** Choose between two styles of load bars – premium Rapid Aero<sup>™</sup> bars or the more standard square bar. Both are backed by a lifetime warranty.

Thule One-Key<sup>™</sup> System Compatible Avoid the hassle of carrying several different keys by upgrading to Thule One-Key<sup>™</sup> System and get one key for all Thule products.

# **Getting Started.**

1

#### Look up your vehicle in the Thule Fit Guide (in-store or at thule.com). Or use the new mobile fit guide at m.thule.com.

As long as you know your vehicle's make, model and year, you can easily find out which rack systems will fit your vehicle. Enter in your vehicle information and both the web and mobile fit guides provide you with a list of all available racks and accessories that will perfectly fit your vehicle.

Thule's new mobile fit guide (m.thule.com)

### 2

#### Choose your load bar: Rapid Aero<sup>™</sup> or square.

For most vehicles, you will have to decide which load bar best suits your needs: Thule's premium Rapid Aero bar or our standard square bar. Rapid Aero bars are ultra-lightweight, areodynamic and nicely complement all vehicles. The more basic square bars are heavy galvanized steel and are plastic coated to resist corrosion. Both bars are available in four different lengths and are sold in pairs. The Fit Guide will recommend the length that best suits your vehicle.

**TIP:** Rapid Aero bar part numbers always start with "RB" followed by the dimension of the bar (ie., RB53).

Rapid Aero<sup>™</sup> Bar

Square Bar

3

#### Select your Foot and Fit Kit.

Thule Feet are designed and tested to fit specific roof lines and existing factory racks to give you the strongest, safest and most secure foundations for transporting gear on your roof. The Fit Guide will direct you to the correct Foot type for your vehicle. In most cases, you will also need to purchase a Fit Kit (also indicated in the Fit Guide). The Fit Kit consists of custom Foot pads and brackets that are made to perfectly secure the Thule base rack to your vehicle.

**TIP:** Part numbers for all Rapid Aero Feet end with "R" (ie., 480R). Feet for use with square bars do not have the "R" designation.

# Add the optional accessories to complete your rack system.

Fairings 870XT, 871XT, 872XT, 873XT

Stylish accessory helps air to flow over bars for better aerodynamics and a quieter ride.

- Clip on design fits Thule Rapid Aero<sup>™</sup> and square load bars
- Rigid construction helps to eliminate wind noise

#### **One-Key<sup>™</sup> Lock Cylinders** 512, 544, 596, 588

Lock cylinders fit Thule accessories and rack feet.

- One number-coded key fits multiple locks
- Sold in 2 (#512), 4 (#544), 6 (#596) and 8 (#588) cylinder sets

# Rapid Aero<sup>™</sup> bar

# Rapid Aero<sup>™</sup> Load Bars .nt

Premium, ultra-lightweight aluminum load bars for use with the Thule Rapid roof rack system. Aerodynamic, oval load bars look great on any vehicle and may help reduce cabin noise.

#### Rapid Aero<sup>™</sup> Load Bars

- Integrated T-slot for easy mounting of select Thule
   accessories
- Carries up to 165lbs of cargo (see Thule Fit Guide for vehicle specific recommendations)
- Optimal fit on most vehicles with 4 load bar lengths available: 43", 47", 53" and 60"
- Sold 2 bars per pack
- Rapid system feet and fit kit are sold separately

# Square bar

# Square Load Bars

Heavy-duty, galvanized steel load bars are plastic coated to resist corrosion. Available in multiple bar lengths, Thule Square bars deliver maximum load carrier versatility.

#### **Square Load Bars**

- Carries up to 165lbs of cargo (see Thule Fit Guide for vehicle specific recommendations)
- Available in 4 lengths of 50", 58", 65" and 78"
- Sold 2 bars per pack
- Square system feet and fit kit are sold separately

# Pick-up truck rack

# Xsporter<sup>™</sup> Multi-Height Aluminum Truck Rack

Provides maximum loading flexibility, superior carrying capability and sleek, stylish appearance through its patented HeightAdjust<sup>™</sup> load bars, 6000 grade aluminum design and dual-slot reinforced bars.

#### **Technology & Features**

#### HeightAdjust™

Load bars can be raised or lowered to 5 different heights for convenient loading, carrying and unloading.

#### Xsporter<sup>™</sup> 422XT

- HeightAdjust<sup>™</sup> load bars can be raised or lowered to 5 different heights for convenient loading, carrying and unloading
- 6000 grade aluminum design provides strength to carry up to 450 pounds\* and resists rusting for a lifetime of reliable operation and great looks
- Integrated WearGuard<sup>™</sup> strips in load bars protect against wear on equipment and minimize wind noise
- Adjustable load stops slide across each load bar for safe and secure attachment of equipment and materials
- Quick and easy installation requires no cutting or drilling and only limited assembly
- 4 One-Key<sup>™</sup> lock cylinders included to secure rack to vehicle
- Compatible with most Thule accessories; may require Xadapt<sup>™</sup> adapter (sold separately)
- Adapters available for the newest pick-up trucks equipped with bed track systems:
  - XK1 adapts to 2005- Toyota Tacoma
  - XK2 adapts to 2007- Toyota Tundra with bed track system

\*Load capacity SHOULD NOT exceed the vehicle manufacturer's cargo and/or entire vehicle capacity weight rating. Consult vehicle manufacturer for capacity ratings.

# Freedom to tour the outdoors

For some, freedom comes in the form of 2 wheels and the endless trail in front of them. From a leisurely ride on a coastal bike path, to an adrenaline filled descent down your favorite mountain, a bike gives you the freedom to go where no vehicle can. Let Thule start your tour of the outdoors.

60

# 

Thule bike carriers and hitch racks make it easy to transport your bikes to your destination so you can enjoy the outdoors. On your roof, mounted to the rear of your vehicle or connected to your hitch, we have a wide variety of options to fit your needs, your vehicle and your style of bike.

### **Carrier Options**

#### **Roof Carriers**

Thule's roof carriers better protect your bike from road dirt, and offer a versatile, stable and secure carrying solution. Other accessories can be easily added to your base rack. Available in fork mount and upright models to transport 1 to 6 bikes.

Hitch Racks

Thule's hitch racks are easy to install and use. Since minimal lifting is required, bike loading is a cinch. These racks mount directly to your receiver hitch so no base rack is required. Multiple options available to carry 1 to 5 bikes.

Trunk, Hatch & Spare Tire Racks No hitch receiver? Thule has a wide variety of racks that mount directly to your vehicle. These racks are compact, easy to install and carry 1 to 3 bikes.

**Truck Racks** Thule offers several, easy-access options for carrying bikes in the bed of your pick-up truck. Bikes can be locked

to the rack for added security.

### **Technology & Features**

No Frame Contact Thule's Sidearm<sup>™</sup>, T2<sup>™</sup> and Insta-Gater<sup>™</sup> carry your bikes safely while only making contact with the wheels.

Direct to Factory Rack Attachment Thule's Sidearm<sup>™</sup> and Domestique<sup>™</sup> roof mounted bike carriers attach directly to most factory racks.

Most of our hitch racks tilt away from the vehicle for trunk, hatch or tailgate access. The T2<sup>™</sup> and Revolver<sup>™</sup> tilt away with bikes in place.

Minimal Lifting Required If lifting bikes onto your roof is an concern, consider one of Thule's many hitch rack solutions. These racks are easy to use and can be installed quickly allowing you to spend less time loading and more time riding.

**Thule One-Key<sup>™</sup> System Compatible** Avoid the hassle of several different keys by upgrading to Thule One-Key<sup>™</sup> System and get one key for all Thule products.

**Foldable** Easy to fold up, stow away and store. Available on most Thule hitch and rear mounted bike racks.

Ð

THULE

# Echelon™

This top of the line fork mounted carrier provides maximum stability and protection with its durable all-metal head and stiff double-wall tray.

#### **Technology & Features**

**Double-wall Tray** Aluminum tray provides maximum strength and rigidity.

**Pressure Dial** Optimizes force on dropouts increasing hold, and eliminating damage to fork.

#### Echelon<sup>™</sup> 518

- The equalized twin cam self-adjusting clamp automatically adjusts to fit a variety of fork dropout thicknesses for a secure hold
- Versatile design fits most disc brake and suspension combinations with standard 9mm axles
- Precise ergonomic pressure dial optimizes force on dropouts increasing hold, and eliminating damage to fork
- Aerodynamic, durable die-cast metal head for increased security and product life
- Ratcheting wheel strap quickly secures back wheel to tray
- Carries bikes with wheelbases up to 48" and tire widths up to 2.6". Even works with high profile rims
- Corrosion resistant double-wall aluminum tray provides maximum strength and rigidity
- One-Key<sup>™</sup> lock cylinder (sold separately) locks the bike to carrier and carrier to rack
- Fits Thule rack systems or round bars
- Factory rack compatible with Thule Ride-On Adapter™ (#532, sold separately)

# Peloton™

A premium clamp-style fork mounted carrier with versatile design that securely holds the fork blades of your bike.

#### **Peloton**<sup>™</sup> 517

- Easy-to-use thumb wheel dial sets clamp pressure on fork to safely transport bicycle
- Versatile design fits most disc brake and suspension combinations with standard 9mm axles
- · Ratcheting wheel strap quickly secures back wheel to tray
- The double-wall aluminum tray provides maximum strength and rigidity
- Carries bikes with wheelbases up to 48" and tire widths up to 2.6". Even works with high profile rims
- 1 One-Key<sup>™</sup> lock cylinder (sold separately) locks the bike to carrier and carrier to rack
- Fits Thule rack systems or round bars
- Factory rack compatible with Thule Ride-On Adapter<sup>™</sup> (#532, sold separately)

### Domestique™

Premium direct-to-factory crossbar carrier delivers maximum stability and protection through its oversized aluminum tray and precision skewer.

#### Domestique<sup>™</sup> 513

- Aerodynamic durable aluminum construction provides stable mounting platform
- Easy-to-use lockable stainless steel skewer with oversized lever makes for secure loading and unloading
- Adjustable wheel strap with integrated wheel stabilizer for secure bike transport
- Versatile design is compatible with standard 9mm axles
   and most disc brakes
- Fits bike wheelbases up to 48" and tire widths up to 2.3"
- 1 One-Key<sup>™</sup> lock cylinder (sold separately) locks the bike to carrier and carrier to rack
- Fits Thule rack systems, round bars and most factory racks

#### **Technology & Features**

**Thumb Wheel Dial** Easy-to-use dial sets clamp pressure on fork to safely transport bicycle.

Ratcheting Wheel Strap Quickly secures back wheel to tray.

#### **Technology & Features**

**Stainless Steel Skewer** Easy-to-use lockable stainless steel skewer with oversized lever makes for secure loading and unloading.

# Prologue™

Transport your bicycle quickly and safely with this lockable fork mounted carrier.

#### Prologue<sup>™</sup> 516

- Easy-to-use stainless steel skewer with oversized lever makes for secure loading and unloading
- Compatible with most 9mm disc brakes
- High-strength nylon composite head
- Single-wall aluminum tray fits bicycle wheelbases up to 48" and tire widths up to 2.6"
- 1 One-Key<sup>™</sup> lock cylinder (sold separately) locks the bike to carrier and carrier to rack
- Fits Thule rack systems or round bars
- Factory rack compatible with Thule Ride-On Adapter™ (#532, sold separately)

### Tandem Carrier Pivoting

The quickest and easiest tandem and recumbent bike carrier on the market. This unique design requires only one person to load/unload bike.

#### Tandem Carrier Pivoting 558P

- Innovative pivoting fork mount design enables easy one-person loading and unloading
- Secure stainless steel skewer holds fork in place for safe transport
- Corrosion resistant 75" aluminum wheel tray and stainless steel hardware for years of trouble-free use
- Rear tray can be removed for trunk/hatch clearance and conventional bike transport
- Fits Thule rack systems or round bars

#### Add On Accessories

#### Ride-On Adapter<sup>™</sup> 532

Enables Thule roof mount bike carriers to be used on a vehicle's factory installed rack – two bike maximum.

 Universal mounting hardware securely attaches directly to most factory racks

#### Wheel On<sup>™</sup> 593

Keep your trunk clutter-free by putting your front wheels safely on your roof. • Fits all quick release wheels from

- 24" to 29"
- Fits Thule rack systems, round bars and most factory racks

#### Thru-Axle Adapter™

53015, 53020, 530L Patented adapter design allows you to carry 15mm, 20mm or Cannondale Lefty<sup>®</sup> front suspension forks on existing Thule and most other fork mounted bike carriers.

### **One-Key™ Lock Cylinders** 512, 544, 596, 588

512, 544, 596, 588 Lock cylinders fit Thule accessories and rack feet.

- One number-coded key fits multiple locks
- Sold in 2 (#512), 4 (#544), 6 (#596) and 8 (#588) cylinder sets

# Sidearm™

Get maximum frame protection with this upright roof-mounted bike carrier as it makes contact with wheel only.

#### **Technology & Features**

SecureHook™ Holds the bike by grabbing the front wheel – no frame contact is made.

**Mounting Hardware** Fits Thule rack systems, round bars and most factory racks.

#### Sidearm<sup>™</sup> 594XT

- SecureHook<sup>™</sup> holds the bike by grabbing the front wheel no frame contact is made
- Ratcheting wheel strap quickly secures back wheel to tray
- Versatile design accommodates bikes with disc brakes, thru-axles and other non-traditional frame designs
- Corrosion resistant double-wall aluminum tray provides maximum strength and rigidity
- Fits 20" to 29" wheel diameter bicycles with tires up to 2.6" wide
- 2 One-Key<sup>™</sup> lock cylinders (sold separately) lock the bike to carrier and carrier to rack
- Fits Thule rack systems, round bars and most factory racks

# Criterium™

Advanced "frame-hold" design for this upright roof carrier provides a quick, precise hold and a more stable ride.

#### Criterium<sup>™</sup> 598

- C-Clamp<sup>™</sup> has an integrated dial that gently grips and holds the bike frame for greater stability
- Ratcheting wheel straps quickly secure wheels to tray
- Stylish aluminum tray holds bike in place while loading and provides rust-free protection
- Fits bike frames up to 3%" in diameter and tires up to 2.6" wide
- 2 One-Key<sup>™</sup> lock cylinders (sold separately) locks the bike to carrier and carrier to rack
- Fits Thule rack systems or round bars
- Factory rack compatible with Thule Ride-On Adapter<sup>™</sup> (#532, sold separately)

#### **Technology & Features**

**C-Clamp™** Integrated dial gently grips and holds the bike frame for greater stability.

## Big Mouth<sup>™</sup>

Rock-solid upright carrier with easy to use clamp design at a great value.

#### Big Mouth<sup>™</sup> 599XTR

- Self-adjusting jaws automatically wrap around the downtube for precise frame hold
- Fits bike frames up to 3%" in diameter and tires up to 2.6" wide
- 1 One-Key<sup>™</sup> lock cylinder (sold separately) locks the bike to carrier and carrier to rack
- Fits Thule rack systems or round bars
- Factory rack compatible with Thule Ride-On Adapter™ (#532, sold separately)

#### Ride-On Adapter<sup>™</sup> 532

Enables Thule roof mount bike carriers to be used on a vehicle's factory installed rack – two bike maximum.

• Universal mounting hardware securely attaches directly to most factory racks

#### **One-Key<sup>™</sup> Lock Cylinders** 512, 544, 596, 588

512, 544, 596, 588 Lock cylinders fit Thule accessories and rack feet.

- One number-coded key fits multiple locks
- Sold in 2 (#512), 4 (#544), 6 (#596) and 8 (#588) cylinder sets

# Hitch racks

This premier platform hitch rack is the fastest to load and remove bikes with minimal lifting for ultimate convenience.

#### **Technology & Features**

Secure Hook™ Secures the bike without making frame contact and includes integrated cable lock.

NEV

Tilt Function Carrier folds and stores when not in use or tilts down for rear of vehicle access.

#### Carry up to 4 bikes with this Add On

#### **T2<sup>™</sup>** 916XTR, 917XTR

- SecureHook<sup>™</sup> with integrated cable lock secures the bike without making frame contact
- Hitch Switch<sup>™</sup> lever folds and stores platform when not in use or tilts down for rear of vehicle access
- Reinforced tray provides maximum strength and rust-free protection
- Adjustable wheel strap quickly secures back wheel to tray
- Fits 20" to 29" wheel diameter bicycles with up to 3" wide tires
- Accommodates bicycles with disc brakes, thru-axles and other nontraditional frame designs
- Integrated locking cable wraps around bike frame to lock bikes to the hitch rack (One-Key<sup>™</sup> lock cylinder included)
- Snug-Tite<sup>™</sup> receiver lock virtually eliminates hitch rack movement in receiver and locks the hitch rack to the vehicle
- Carries up to 2 bikes:
  #916XTR fits 2" receivers only
  - #917XTR fits 11/4" receivers only
- Can carry up to 4 bikes with optional T2<sup>™</sup> 2 Bike Add-On (#918XTR, sold separately)

#### T2<sup>™</sup> 2 This add (2" rece

#### T2<sup>™</sup> 2 Bike Add-On 918XTR

This add-on to our premier platform hitch rack allows 4 bike capacity (2" receivers only).

- 2 One-Key<sup>™</sup> lock cylinders included to lock the bikes to hitch rack
- $\bullet$  Fits 2" receivers only. Must be used in conjunction with T2 $^{\rm m}$  (#916XTR, sold separately)

### Doubletrack<sup>™</sup>

Lightweight platform hitch with adjustable mast hooks loads and unloads in seconds while transporting bikes safely and securely.

#### **Technology & Features**

Sliding Wheel Trays Wheel trays slide independently to eliminate bike-to-bike contact.

Foldable Rack folds up when not in use.

#### Doubletrack<sup>™</sup> 990XT

- Foldable center mast's ratchet hooks move independently to grab, hold and stabilize each bike quickly and easily
- · Reinforced wheel trays slide independently along platforms to eliminate bike-to-bike contact
- · Ratcheting wheel straps quickly secure bike wheels to trays
- Hitch Switch<sup>™</sup> lever folds and stores platform when not in use
- Accommodates wheel bases up to 48"
- Fits the widest range of bike sizes and shapes even cruisers with fenders - up to 3" wide tires
- Includes 2 One-Key<sup>™</sup> lock cylinders to lock the bikes to hitch rack
- Snug-Tite<sup>™</sup> receiver lock virtually eliminates hitch rack movement in receiver and locks the hitch rack to the vehicle
- Carries up to 2 bikes and fits 1¼" or 2" receivers

Round Trip<sup>™</sup> Bike Case 699 Airline/UPS approved heavy-duty travel case for road, cyclocross and mountain bikes.

- Dividers keep wheels separated from frame
- Includes gear bags for clothes, tools and more
- Durable polyethylene construction with integrated wheels for easy transport
- UPS shippable 47" x 301/2" x 101/2" (outer), 45" x 281/2" x 10" (inner); 30lbs
- Roof Mount Kit (#RFM) sold separately
- Security lock sold separately

#### Bike Stacker BSTK2

- Freestanding storage bike rack for your home, apartment or garage.
- Bike hanger arms adjust independently to any height up and down the bike rack
- V-shaped soft rubber bike holders fully cushion and protect each bicycle and will not mar bike paint or crush bike cables, etc.
- Holds even the heaviest of bicycles with its strong 1" x 2" steel construction
- Freestanding; no headaches with having to install on wall
- Dimensions:
- 84"H x 31"W x 21"D

# Transport and Store Your Bikes with These Add Ons

# Helium™

Ultra-light aluminum hitch rack is nearly half the weight of a traditional carrier making for easier installation and removal of rack.

#### **Technology & Features**

**Integrated Cable Lock** Secures your bike to the rack and stores conveniently in hitch rack.

Tilt Function Arms fold and store when not in use and carrier tilts down for rear access.

#### **Helium**<sup>™</sup> 970XT, 971XT

- Ultra-light aluminum construction for easy handling, installation and removal
- No-tool installation simply load into hitch and tighten receiver knob
- Narrow cradle arms hold a wider range of bike frames including smaller child frames
- T3<sup>™</sup> Cradles hold bikes in place for maximum frame protection and stability
- Patented No-Sway Cage<sup>™</sup> prevents bike-to-bike contact
- Hitch Switch<sup>™</sup> folds arms down when not in use and tilts carrier away from vehicle for trunk, hatch or tailgate access
- Integrated locking cable and receiver lock knob secure bike to hitch rack and hitch rack to vehicle
- Hitch adapter included to accommodate 11/4" or 2" receivers with one product
- Available models:
- #970XT carries up to 2 bikes
- #971XT carries up to 3 bikes

## Revolver™

This premium hitch rack provides ultimate convenience, allowing you to swing your fully loaded 4 bike hitch rack away from your vehicle for full rear access.

#### **Technology & Features**

#### Swings Away

Hitch rack swings away from vehicle with the bikes still loaded for convenient full rear vehicle access.

#### Revolver<sup>™</sup> 964

- Loaded hitch swings away from vehicle for full rear vehicle access
- T3<sup>™</sup> Cradles hold bikes in place for maximum frame protection and stability
- Patented No-Sway Cage<sup>™</sup> prevents bike-to-bike contact
- Integrated locking cable and receiver lock secure bike to hitch rack and hitch rack to vehicle
- Arms fold down when not in use
- High-strength steel construction
- Carries up to 4 bikes and fits 2" receivers only

### Ridgeline™

Carrying up to 4 bikes, this high strength, steel constructed hitch rack provides maximum stability, protection and security.

#### Ridgeline<sup>™</sup> 954

- T3<sup>™</sup> Cradles hold bikes in place for maximum frame protection and stability
- Patented No-Sway Cage<sup>™</sup> prevents bike-to-bike contact
- Hitch Switch<sup>™</sup> folds arms down when not in use and tilts carrier away from vehicle for trunk, hatch or tailgate access
- Hitch adapter included to accommodate 11/4" or 2" receivers with one product
- High-strength steel construction
- Integrated locking cable and receiver lock secure bike to hitch rack and hitch rack to vehicle
- Carries up to 4 bikes and fits 11/4" or 2" receivers

## Roadway™

The largest transporting capacity in the line, the Roadway hitch rack is available to carry 2 to 5 bikes.

#### Roadway<sup>™</sup> 912XT/914XT/915XT

- Stay-Put<sup>™</sup> cradles with detachable anti-sway cages prevent bike-to-bike and bike-to-vehicle contact
- Hitch Switch<sup>™</sup> folds arms down when not in use and tilts carrier away from vehicle for trunk, hatch or tailgate access
- High-strength steel construction
- 6 ft. Braided Steel Cable Lock (#538, sold separately) secures bikes to the carrier
- Snug-Tite<sup>™</sup> receiver lock (#STL2, sold separately) virtually eliminates hitch rack movement in receiver and locks the hitch rack to the vehicle
- Available models:
  - #912XT carries up to 2 bikes (fits 11/4" or 2" receivers)
  - #914XT carries up to 4 bikes (fits 11/4" or 2" receivers)
  - #915XT carries up to 5 bikes (fits 2" receivers only)

## Parkway™

This tilting hitch rack carries up to 4 bikes and will not block access to trunks, hatches and tailgates.

#### Parkway<sup>™</sup> 958/957/956

- Soft rubber cradles protect bike frame while holding it securely
- · Tilts away from vehicle for trunk, hatch or tailgate access
- High-strength steel construction
- 6 ft. Braided Steel Cable Lock (#538, sold separately) secures bikes to the carrier
- Snug-Tite<sup>™</sup> receiver lock (#STL2, sold separately) virtually eliminates hitch rack movement in receiver and locks the hitch rack to the vehicle
- Available models:
  - #958 carries up to 2 bikes (fits 2" receivers only)
  - #957 carries up to 4 bikes (fits 11/4" receivers only)
  - #956 carries up to 4 bikes (fits 2" receivers only)

### Add On Accessories

#### Frame Adapter<sup>™</sup> 982XT

Modifies women's, BMX and non-standard frames in order to be carried on hanging-style hitch mount racks.

Molded rubber pads protect bike finish

**Snug-Tite<sup>™</sup> Receiver Lock** STL2 Designed for use with Roadway and Parkway.

Includes 1 One-Key<sup>™</sup> lock cylinder

6-Foot Braided Steel Cable Lock 538 Protect your gear with Thule's cable lock that secures equipment to your rack system.

## Rear mounted

## Raceway Platform<sup>™</sup>

The revolutionary new rear mounted platform rack that takes the ease of carrying bikes to new heights.

#### **Technology & Features**

**Lockable** Bike clamps secure bike to carrier. Locking ratcheting cables secure the carrier to the vehicle.

**Molded rubber pads** Provide firm hold to vehicle and protect against scratches.

FitDial<sup>™</sup> Delivers the perfect vehicle fit every time.

Foldable Folds up flat for convenient storage.

#### Raceway Platform<sup>™</sup> 9003

- Convenient tray mount design allows for fast, easy and lower bike loading
- Sure-Tight<sup>™</sup> ratcheting cables with locks provide maximum fastening security to your vehicle
- Patented FitDial<sup>™</sup> guarantees a "perfect fit" to your vehicle
- Molded rubber pads provide firm hold to vehicle and protect against scratches
- Adjustable bike frame clamps keep bikes well separated and secure for ultimate stability
- Folds up flat for convenient storage
- Lockable bike clamps secure bike to carrier (locks included)
- Carries up to 2 bikes

## Raceway™

The revolutionary new rear mounted rack that combines the premium features of a hitch rack with the ease of storage.

#### Raceway<sup>™</sup> 9001/9002

- Sure-Tight<sup>™</sup> ratcheting cables with locks provide maximum fastening security to your vehicle
- Patented FitDial™ guarantees a "perfect fit" to your vehicle
- Molded rubber pads provide firm hold to vehicle and protect against scratches
- Anti-sway cages prevent bike-to-bike and bike-to-vehicle contact
- Narrow cradle arms hold a variety of bike frames including smaller children's bikes and fold when not in use
- · Lockable cable secures bike to carrier (lock included)
- Available models:
- #9001 carries up to 2 bikes
- #9002 carries up to 3 bikes

## Archway™

This lockable rear mounted bike carrier combines the ease of storage with the added security that comes with premium hitch rack bike carriers.

#### Archway<sup>™</sup> 9009/9010

- Integrated locking cable secures bikes to the rack and TrunkLocker™ strap secures the rack to the vehicle
- Long arcing tubes provide more clearance over car spoilers providing a
  greater amount vehicle fits
- Patented FitDial<sup>™</sup> with Quick-Fit<sup>™</sup> lever adjusts to your vehicle providing a "perfect fit"
- Cinch Lever<sup>™</sup> allows the bike arms to adjust independently and easily for unique bike frames
- Anti-sway cages prevent bike-to-bike and bike-to-vehicle contact
- Stay-Put<sup>™</sup> cradles with soft-saddle material protect your bike's finish
- Oversized molded pads protect vehicle finish
- Available models:
  - #9009 carries up to 2 bikes
  - #9010 carries up to 3 bikes

#### **Technology & Features**

Integrated Cable Lock Secures your bike to the rack and stores conveniently in rack arm.

**Trunk Lock** Security strap locks the carrier to the vehicle.

#### Technology & Features

FitDial<sup>™</sup> Delivers the perfect vehicle fit every time.

Anti-sway Cages Prevent bike-to-bike and bike-to-vehicle contact.

#### NEW

## Gateway™

This robust rear mounted bike carrier features long dual arcing tubes providing greater clearance over rear spoilers and maximizing the amount of vehicles it can work with.

#### Gateway<sup>™</sup> 9006/9007

- Bike arms are positioned to provide ample spacing between bikes to avoid bike-to-bike contact during transport
- Patented FitDial<sup>™</sup> with Quick-Fit<sup>™</sup> lever adjusts to your vehicle providing a "perfect fit"
- Cinch Lever<sup>™</sup> allows the bike arms to adjust independently and easily for unique bike frames
- Stay-Put<sup>™</sup> cradles with soft-saddle material protect your bike's finish
- Maximum-strength nylon straps secure the bike rack assuring the safest and most convenient installation
- Folds up flat for convenient storage
- Available models:
  - #9006 carries up to 2 bikes
  - #9007 carries up to 3 bikes

## Passage™

Convenient and easy; this strap rack allows you to carry up to 3 bikes and then folds down for easy storage.

#### Passage<sup>™</sup> 910XT/911XT

- Patented FitDial<sup>™</sup> provides the perfect fit to your vehicle
- Anti-sway cages prevent bike-to-bike and bike-to-vehicle contact
- Stay-Put<sup>™</sup> cradles protect bike frame while holding it securely
- Narrow cradle arms hold a wider range of bike frames including smaller child frames
- SoftCushion<sup>™</sup> pads protect trunk and hatch
- Vinyl-coated buckles provide firm hold to vehicle and protect against scratches
- Six strap system secures rack to vehicle
- Available models:
- #910XT carries up to 2 bikes
- #911XT carries up to 3 bikes

## Spare Me<sup>™</sup>963XTR

Carry up to 2 bikes on this heavy-duty bike locking rack that connects right to your rear mounted spare tire.

- T3<sup>™</sup> Cradles with anti-sway cages hold bikes in place for maximum frame protection and stability
- Attaches to spare tire bolt pattern with included lockable adapter plate
- Includes locking cable and locking knob to secure bikes to the carrier and carrier to the vehicle
- Arms fold down when not in use
- Does not work with spare tire covers
- Carries up to 2 bikes

## Pick-up truck racks

## Bed-Rider<sup>™</sup>

Carry 2 bikes in the bed of your pick-up truck with no bolting or drilling with this integrated fork mounted carrier.

#### Bed-Rider<sup>™</sup> 822XT

- Aluminum telescoping bar with SoftGrip<sup>™</sup> rubber feet hold carrier on side rails of full size and small pick-up trucks without drilling (compatible with most bedliners)
- Locking 9mm quick-release fork mounted skewer holds fork in place for stable and secure bicycle transport
- 3 One-Key<sup>™</sup> lock cylinders included to lock the bikes to the carrier and the carrier to the truck
- Carries up to 2 bikes. More bikes can be fit with the Locking Bed-Rider Add-On Block (#BRLB, sold separately)
- Will not work on trucks with over the rail bedliners

### Insta-Gater<sup>™</sup>

Turn your pick-up truck bed into a versatile bike carrier. No drilling or bolting required.

#### Insta-Gater<sup>™</sup> 501

- SecureHook<sup>™</sup> holds the bike by grabbing the front wheel no frame contact is made
- Integrated ratcheting arm raises and lowers for easy loading and unloading
- 1 One-Key<sup>™</sup> lock cylinder (sold separately) locks the bike to the carrier
- Fits 20" to 29" wheel diameter and up to 3" wide tires
- Carries 1 bike

#### Add On Accessories

Locking Bed-Rider<sup>™</sup> Add-On Block BRLB Attaches to Bed-Rider<sup>™</sup> (#822XT, sold separately) to increase bike carrying capacity

- 1 One-Key<sup>™</sup> lock cylinder included to lock the bike to the carrier
- Simple, tool-free installation

#### Locking Low-Rider<sup>™</sup> 821XT

Create your own carrying solutions with these lockable fork mount blocks. Included exclusive locking skewer provides theft deterrence for bicycles.

• Can be mounted to virtually any flat surface (hardware not included)

#### Low-Rider<sup>™</sup> 821

Create your own carrying solutions with these fork mount blocks.

• Can be mounted to virtually any flat surface (hardware not included)

## Testing the waters

Water. There is something about the crash of the rough surf, the swift movement of the currents, or the sound of gentle waves lapping against the shore that connects us to nature. Get out there and test the waters. Thule will just make it easier to get there.

Went PITT

# Water

However you make a splash, we will help get you there. From kayaks to canoes, surfboards to stand-up paddleboards, our innovative and intuitive carriers save you energy for where it is really needed: in the open waters.

### **Technology & Features**

Lift-Assist Loading The Hullavator<sup>™</sup> makes loading and unloading your kayak easy by providing waist level loading. Plus, its gas-assist struts lift up to 40lbs of the kayak's weight.

Load-Assist Carriers Designed with innovative features, such as sliding rollers, these carriers make the task of loading and unloading your kayak up to 50% easier. Available on Thule Slipstream<sup>™</sup> and Roll Model<sup>™</sup>.

Foldable Design The Hull-a-Port Pro<sup>™</sup> folds down when not in use to allow for increased overhead clearance and better wind resistance. Also available on The Stacker<sup>™</sup>.

Waterslide<sup>™</sup> 854 Protect your vehicle during the loading and unloading of your boat. Non-skid underside and two bar straps hold mat in place.

**Step-Up™ Wheel Step** 232 Get that extra height to reach the top of your vehicle by simply stepping on this handy platform. Attaches to most vehicle tires.

Quick Draw<sup>™</sup> Ratchet Ropes 855XT Ratcheting bow and stern tie-downs with carabineer attach easily to your kayak and provide maximum boat hold and security. Sold in sets of 2.

Thule Load Straps 521/523 Secure heavy loads with the 9- and 15-foot long straps. Patented buckle bumpers help avoid vehicle scratches. Sold in sets of 2.

**6-Foot Braided Steel Cable Lock** 538 Protect your gear with Thule's cable lock that secures equipment to your rack system.

## Hullavator™

Raising the bar (literally) for lift-assist carriers, the Hullavator lifts up to 40lbs of a kayak's weight and allows side of vehicle loading.

#### **Technology & Features**

Waist Level Loading and Unloading Load and unload kayaks at waist level, at the side of the vehicle for greater convenience and safety.

#### Hullavator<sup>™</sup> 897XT

- Gas-assist struts lift and lower 40lbs of the kayak's weight allowing only one person to load and unload the kayak
- Load and unload kayaks at waist level, at the side of the vehicle for greater convenience and safety
- Double extending arms lower the kayak by up to 40" for faster loading, unloading and strapping
- 8-touchpoints of padded support for maximum protection for your kayak
- Aluminum, double coated steel construction with corrosion resistance delivers a longer product life
- Carries 1 kayak and requires 1 person to load and unload
- Up to 2 carriers per vehicle
- Includes all straps to transport 1 kayak
- Accommodates kayaks up to 34" wide and 75lbs
- Fits Thule rack systems and round bars only

## Load-assist carriers

## Slipstream™

Premium load-assist carrier supports 50% of the kayak's weight with its sliding roller that extends beyond the back of the vehicle for easier loading and unloading and improved vehicle protection.

#### **Technology & Features**

**Sliding Roller** Extends out beyond the back of the vehicle for easier loading and unloading.

#### Slipstream<sup>™</sup> 887XT

- Sliding roller extends out beyond the back of the vehicle and supports up to 75lbs, 36" width and 50% of the kayak's weight for easier loading and unloading
- Pivoting saddles automatically conform to nearly every kayak shape and size for secure transportation
- Double-coated, corrosion resistant steel designed for long-term use
- 4-touchpoints of padded support conform to the hull for added protection
- Carries 1 kayak and requires 1 person to load and unload
- Up to 2 carriers per vehicle
- Includes all straps to transport 1 kayak
- Fits Thule rack systems, round bars and most factory racks

### Roll Model<sup>™</sup>884

Easier loading and unloading of your kayak as it guides and centers boat on top of your vehicle.

- Integrated roller and saddles center the kayak for easier loading and unloading
- 4-touchpoints of padded support conform to the hull for added protection
- Carries 1 kayak and requires 1 to 2 people to load and unload
- Up to 2 carriers per vehicle
- Includes all straps to transport 1 kayak
- Accommodates kayaks up to 36" wide and 76lbs
- Fits Thule square bar rack system only

#### Add On Load-Assist Accessory for Thule Square Bars

#### Outrigger II<sup>™</sup> 847

One person can load and unload a boat with this unique retractable arm that fits inside your Thule load bars.

- Supports up to 50% of the kayaks weight and prevents vehicle contact
- Integrated load stop prevents boat from sliding off bar
- Holds nearly every kayak shape and size
- Fits Thule square bar rack system only

# Vertical and horizontal carriers

## Hull-a-Port PRO<sup>™</sup>

This premium vertical carrier combines maximum strength and protection with greater versatility by folding down when not in use.

#### **Technology & Features**

#### Folds down when not used for increased overhead clearance and improved fuel economy.

#### Hull-a-Port PRO<sup>™</sup> 835PRO

- Folds down when not used for increased overhead clearance and improved fuel economy
- Wide mouth J-profile offers easier loading and unloading
- Steel design with adjustable padding for carrying strength and kayak protection
- Quick on/off hardware ensures fast installation and removal
- Optimally sized J-style carrier leaves roof space for other Thule accessories
- AllSurface<sup>™</sup> rust-resistant tubing and hardware for longer product life
- Requires 1 to 2 people to load and unload
- 1 to 2 carriers per vehicle
- Includes all straps to transport 1 kayak
- Accommodates kayaks up to 36" wide and 75lbs
- Fits Thule rack systems, round bars and most factory racks

## Hull-a-Port<sup>™</sup>

This standard J-style cradle delivers superior carrying performance and protection with its 4-touchpoint adjustable padding and rust resistant steel design.

#### Hull-a-Port<sup>™</sup> 835XTR

- Steel design with adjustable padding for carrying strength and kayak protection
- Wide mouth J-profile offers easier loading and unloading
- Quick on/off hardware ensures fast installation and removal
- Optimally sized J-style carrier leaves roof space for other Thule accessories
- AllSurface<sup>™</sup> rust-resistant tubing and hardware for longer product life
- Requires 1 to 2 people to load and unload
- 1 to 2 carriers per vehicle
- Includes all straps to transport 1 kayak
- Accommodates kayaks up to 36" wide and 75lbs
- Fits Thule rack systems, round bars and most factory racks

## The Stacker<sup>™</sup> 830

Maximize your kayak carrying capacity – hold up to 4 kayaks stacked on their side while taking up the least amount of roof space.

- Fold-down steel design with non-scratch outer coating
- Quick on/off hardware ensures fast installation and removal
- Optimally sized carrier leaves roof space for other Thule accessories
- Requires 1 to 2 people to load and unload
- Includes 2 load straps with padded buckle and 2 ratcheting bow/stern ropes
- 1 to 2 carriers per vehicle
- Accommodates kayaks up to 36" wide, 12' long and 75lbs
- Fits Thule rack systems, round bars and most factory racks

#### Add On Tie-Down Accessories

Quick Loops 530 Long loop strap provides anchor point for boat and load straps on vehicles without undercarriage attachment points.

 Installs easily by placing under hood or trunk and is secured by the closed lid

Hood Loops 529 Long loop strap provides anchor point for boat and load straps on vehicles without undercarriage attachment points. • Installs easily to available bolt heads under the hood

## Glide and Set<sup>™</sup>

Premium saddle combination guides and sets the kayak for smooth loading, unloading and transportation.

#### Glide and Set<sup>™</sup> 883

- Rear-mounted Hydro-Glide<sup>™</sup> felt lined saddles guide kayak and provide low friction loading/unloading
- Front-mounted Set-to-Go<sup>™</sup> form fitting saddles grip the surface of the hull for increased lateral stability and protection
- Integrated rubber pads protect the hull and help hold the kayak in place for transportation
- Requires 1 to 2 people to load and unload
- Includes all straps to transport 1 kayak
- Up to 2 carriers per vehicle
- Accommodates kayaks up to 36" wide and 75lbs
- Fits Thule rack systems, round bars and most factory racks

### Top Deck<sup>™</sup>881</sup>

Transport your kayak or stand-up paddleboard safely with these custom designed saddles that conform to the most popular hull shapes.

- Integrated rubber pads protect the hull and help hold the kayak or stand-up paddleboard in place for transportation
- Requires 1 to 2 people to load and unload
- Includes all straps to transport 1 kayak
- Accommodates kayaks and stand-up paddleboards up to 36" wide and 75lbs
- Fits Thule rack systems, round bars and most factory racks

## Set-to-Go<sup>™</sup>878XT

Form fitting saddles hug and grip the surface for maximum stability and protection.

- Multiple pivot points conform to different hull shapes
- Requires 1 person to load and unload
- Soft form fitting saddles grip the surface of the hull for increased lateral stability and protection
- Includes 1 load strap with padded buckle and 1 ratcheting bow/stern rope
- Need 2 packs or use in conjunction with Hydro-Glide<sup>™</sup> to carry 1 kayak
- Accommodates kayaks up to 36" wide and 75lbs
- Fits Thule rack systems, round bars and most factory racks

## Hydro-Glide<sup>™</sup> 875XT

Felt lined saddles for smooth kayak loading and unloading.

- Pivoting felt-lined gliding saddles automatically conform to nearly every kayak shape and size for secure transportation
- Large surface area supports and protects the hull
- Includes 1 load strap with padded buckle and 1 ratcheting bow/stern rope
- Use in conjunction with Set-to-Go<sup>™</sup> to carry 1 kayak
- Accommodates kayaks up to 36" wide and 75lbs
- Fits Thule rack systems, round bars and most factory racks

## Goalpost<sup>™</sup>997

Designed for pick-up trucks, this adjustable watersport carrier allows you to hold different sized kayaks, canoes, paddleboards and sailboards; even extra long loads.

- Hitch mounted, height adjustable load bars
- Anti-sway design for stable, more secure transport
- Telescoping mast adjusts to truck cab heights
- 58" Thule steel load bar with durable plastic coating
- 2 load stops to help stabilize and hold load
- Works with 2" receivers only

## Canoe Carrier<sup>™</sup> 579XT

Maximum hold, stability and protection with these padded canoe cradles.

- Long lasting, impact resistant construction protects gunwales and secures boat for transport
- Requires 1 to 2 people to load and unload
- Up to 2 carriers per vehicle
- Includes all straps to transport 1 canoe
- Fits Thule square bar rack system only

## The Conservation Alliance

### Outdoor Business Giving Back to the Outdoors

Thule is a proud sponsor of The Conservation Alliance – an organization of outdoor businesses whose collective contributions support grassroots environmental organizations and their efforts to protect wild places where outdoor enthusiasts recreate. Alliance funds have played a key role in protecting rivers, trails, wildlands and climbing areas.

Since its inception in 1989, the Alliance has contributed more than \$8.3 million to grassroots environmental groups. Alliance funding has helped save over 49 million acres of wildlands; 28 dams have either been stopped or removed; and the group helped preserve access to more than 17,000 miles of waterways and several climbing areas.

## Keep our rivers clean.

For seven years now, Thule employees volunteered their time to remove debris from the watersheds of Connecticut.

Thule employees spent a cold fall day outside on November 12th. They cleaned up a one-mile stretch of the town water supply removing trash and litter and depositing it in its proper place.

Volunteering for river clean-up is a great way to get you and your family outdoors while restoring your local waters. It also serves as a great opportunity to connect with others in your community that share a passion for our planet. Visit nationalrivercleanup.org for more information.

Help protect the rivers you love. Visit nationalrivercleanup.org

## Surf/SUP carriers

## Double-Decker<sup>™</sup> Surfboard Carrier

The ultimate locking two surfboard carrier that delivers greater board security with a convenient, universal mounting design.

#### **Technology & Features**

**Speed-Link™** Mounting system allows for tool-free installation on most vehicle racks.

Lockable Carrier locks to deliver greater security for your boards.

**Telescoping** Telescoping design fits boards up to 26" wide.

#### Double-Decker<sup>™</sup> Surfboard Carrier 809

- Exclusive, telescoping design delivers a custom fit for board widths up to 26" wide
- Heavy-duty, steel reinforced webbing and spring loaded locking cam provide unsurpassed security for your boards
- Dual loading design allows for transport of two boards with maximum stability
- Soft, weather resistant padding protects boards during transit
- 2 One-Key<sup>™</sup> locks (included) to secure surfboards to the carrier
- One-Key<sup>™</sup> lock cylinder (sold separately) locks the carrier to rack
- Three board capacity requires additional straps
- Equipped with new Speed-Link<sup>™</sup> mounting system for convenient, tool-free mounting to Thule rack systems, round bars and most factory racks

## SUP Taxi<sup>™</sup>

This premier locking stand-up paddleboard (SUP) carrier delivers unmatched board security combined with a convenient, universal mounting design.

Lockable

Carrier locks to deliver greater

security for your boards.

#### **Technology & Features**

**Speed-Link™** Mounting system allows for tool-free installation on most vehicle racks.

- Exclusive, telescoping design delivers a custom fit for board widths up to 34" wide
- Heavy-duty, steel reinforced webbing and spring loaded locking cam provide unsurpassed security for your boards
- Dual loading design allows for transport of two boards with maximum stability
- Soft, weather resistant padding protects boards during transit
- 2 One-Key<sup>™</sup> locks (included) to secure stand-up paddleboards to the carrier
- One-Key<sup>™</sup> lock cylinder (sold separately) locks the carrier to rack
- Equipped with new Speed-Link<sup>™</sup> mounting system for convenient, tool-free mounting to Thule rack systems, round bars and most factory racks

### Hang-Two<sup>™</sup> Surf Carrier 554XT

Deluxe 2 board carrier protects, stabilizes and secures your surfboard to your vehicle.

- Oversized Sure-Grip<sup>™</sup> cradles protect the board and straps wrap around the edges for maximum protection and stability during transport
- Up to 2 carriers per vehicle
- Fits Thule rack systems, round bars and most factory racks

## Top Deck<sup>™</sup>881</sup>

Transport your stand-up paddleboard or kayak safely with these custom designed saddles.

- Integrated rubber pads protect the hull and help hold the stand-up paddleboard in place for transportation
- Requires 1 to 2 people to load and unload
- Accommodates stand-up paddleboards up to 36" wide
- Fits Thule rack systems, round bars and most factory racks

## Surf Tailgate Pad 808

18" tailgate surf rack pad quickly installs to truck beds for safe and convenient transport of surfboards and stand-up paddleboards.

- Quick and easy installation allows for safe transport of surfboards and stand-up paddleboards in truck beds
- No-fade UV resistant fabrics deliver long term durability
- Sewn-in strap system secures pad to tailgate for convenient board transportation
- Board tie-down straps sold separately

#### NEW

1.00

## Surf Pads 801, 802, 803, 804

18" and 24" split bottom surf rack pads are available in two varieties and fit nearly every vehicle on the road.

- High density foam padding provides maximum surfboard or stand-up paddle board protection
- No-fade UV resistant fabrics for long term durability
- Sewn-in hook and loop straps and convenient bungee cinch-cord ends allow for fast and easy installation, removal and adjustment (tie-down straps sold separately)
- Fits Thule square bars and other square/round bars (model #801 18" wide and #802 24" wide)
- Fits Thule Rapid Aero<sup>™</sup> bars, Xsporter and most factory racks (model #803 – 18" wide and #804 – 24" wide)

#### Add On Accessories to Secure Your Boards

#### Express Surf Strap<sup>™</sup> 531

Stretchable bungee surf straps secure different size surfboards, stand-up paddleboards and sailboards to the vehicle roof rack for safe and secure transport.

- No-fade UV resistant straps deliver long term durability
- Looped ends fasten securely around the vehicle's load bars
- Simple and easy to use cinching system keeps boards protected and stable during transit

#### 9-Foot Load Strap (2 pack) 521

Heavy-duty load straps secure smaller items, such as surfboards, safely to your vehicle's base rack system.

- Two 9' straps with cam action buckles
- Patented buckle bumpers help prevent vehicle scratches

## Reaching new heights

Whether you enjoy the 5 mile leisurely loop down the mountain or search for ultimate back country vertical drop, when that lift carries you higher and higher with the new sun glaring down on you, you feel alive. Thule will get your skis and boards there. All you have to do is enjoy the ride!

## Snowsport

If you're going to fly down the mountain at the speed of light, perhaps you should protect your gear on the car ride up. Our snowsport carriers provide many options to transport your boards, skis, boots and poles. From the enclosed to the easily accessible, Thule's carriers are easy to mount, load and unload to get you on the mountain as quickly as you fly down it.

## **Technology & Features**

#### **Roof Boxes**

Enclosed Ski/Snowboard Transportation Protect your skis and snowboards, as well as your boots, bags and other gear, from the elements while allowing for more room inside of your vehicle. Carries up to 12 pair skis or 8 snowboards (see individual box details for exact capacity).

**Dual-side Opening** Allows you to open the box from both sides, for easy mounting, loading and unloading. Standard on Thule Atlantis<sup>™</sup> and Ascent<sup>™</sup> series boxes.

Quick-Grip<sup>™</sup> Mounting System Pre-installed mounting hardware attaches to virtually any roof rack in less than 5 minutes. Standard on Thule Atlantis<sup>™</sup> and Ascent<sup>™</sup> series boxes.

#### **Open-Air Roof Carriers**

**Oversized Push Button** Extra large push buttons make it easy to open the ski carrier, even with gloves on.

**Universal Mounting Hardware** Most carrier options fit Thule rack systems, round bars and most factory racks.

**Bring Your Friends** 

to 6 pair of skis or 4 snowbards.

#### **Telescoping Arms**

With a simple hand action, the carrier conveniently slides out so that you can load and unload your skis and/or boards without having to stretch over the car roof. Available on Thule's Universal Pull Top™.

With several options to choose from, you can carry up

## Enclosed carriers

## Atlantis<sup>™</sup> 1200

Thule's best snowsport carrier solution provides the most space, best security and protection and offers the best value since it can be used year-round.

#### **Technology & Features**

**Dual-side Opening** 

Quick-Grip<sup>™</sup> Mounting

#### Atlantis<sup>™</sup> 1200 685XT/685BXT

- Smooth, effortless opening and closing with reinforced lid
- Oversized ergonomic lock knob is easier to grasp and turn even while wearing gloves
- Dual-side opening for easier loading and unloading from either side of the vehicle
- Quick-Grip<sup>™</sup> mounting system for fast, easy, tool-free installation and removal

# Ascent<sup>™</sup> Series

Available in four sizes, the well-equipped Ascent is designed to fit today's most popular vehicles.

## Ascent<sup>™</sup> Series

- Dual-side opening for easier loading and unloading from either side of the vehicle
- Quick-Grip<sup>™</sup> mounting system for fast, easy, tool-free installation and removal
- SecureLock<sup>™</sup> ensures that all gear is locked and box is properly closed prior to driving
- 2 One-Key<sup>™</sup> locks (included) secure box contents and lock the box to the carrier
- Fits Thule rack systems, round bars and most factory racks

## Technology & Features

**Dual-side Opening** Easy loading and unloading from either side of the vehicle.

Quick-Grip™ Mounting System Tool-free mounting system attaches to virtually any roof rack in less than 5 minutes.

## Sizes & Color

#### Ascent<sup>™</sup> 1700 605

Matte black. Carries up to 17 cu. ft. of cargo. Fits 6-8 pair skis (max. length 217 cm), 4-6 snowboards or gear for up to 4 passengers.

#### Ascent<sup>™</sup> 1600 604

Matte black. Carries up to 16 cu. ft. of cargo. Fits 6-8 pair skis (max. length 186 cm), 3-4 snowboards or gear for up to 3 passengers.

#### Ascent<sup>™</sup> 1500 603

Matte black. Carries up to 15 cu. ft. of cargo. Fits 3-4 snowboards (max. length 155 cm) or gear for up to 3 passengers.

## Ascent™ 1100 602

Matte black. Carries up to 11 cu. ft. of cargo. Fits 5-6 pair skis (max. length 210 cm), 2-3 snowboards or gear for up to 2 passengers.

## Add a Cargo Accessory

#### Box Lift<sup>™</sup> 571

The perfect way to store a roof box. Lift it up to the garage ceiling while not in use and get it back onto the vehicle roof in an instant. Works just as perfectly for kayaks and surfboards.

**Step-Up<sup>™</sup> Wheel Step** 232 Get that extra height to reach the top of your

- vehicle by simply stepping on your tire.
  Made from heavy-duty steel, the Step-Up Wheel Step attaches to most vehicle tires
- Wheel Step attaches to most vehicle tires
- Folds flat when not in use for easy storage
- Includes storage bag

## Time Travel<sup>™</sup> Series

This standard cargo box carrier offers a variety of sizes at a great value.

## Time Travel<sup>™</sup> Series

- Available in 3 models: Mountaineer<sup>™</sup> (#669ES), Excursion<sup>™</sup> (#667ES) and Frontier<sup>™</sup> (#668ES)
- Easy-Snap<sup>™</sup> mounting hardware assembles in minutes for quick installation
- 1 One-Key<sup>™</sup> lock (included) secures box contents and locks the box to the carrier
- Fits Thule rack systems, round bars and most factory racks

### Sizes & color

#### Mountaineer<sup>™</sup> 669ES

Matte black. Carries up to 17 cu. ft. of cargo. Fits 6-8 pair skis (max. length 217 cm), 4-6 snowboards or gear for up to 4 passengers.

#### Excursion<sup>™</sup> 667ES Matte black. Carries up to 13 cu. ft. of cargo. Fits gear for up to 3 passengers. *Note: Opens to rear of vehicle.*

Matte black. Carries up to 11 cu. ft. of cargo. Fits 5-6 pair skis (max. length 210 cm), 2-3 snowboards or gear for up to 2 passengers.

## Sidekick<sup>™</sup> 682

This compact roof box is ideal for carrying small loads such as camping gear or golf clubs.

- Passenger-side opening for easier loading and unloading
- Protects gear and helps keep out the elements
- Carries 8 cubic feet or up to 110lbs of cargo per box
- 2 locks (included) secure box contents and lock the box to the carrier
- Fits Thule rack systems, round bars and most factory racks

## Transporter Combi<sup>™</sup> 665C

Full featured hitch cargo box with tilt down design allows access to trunk, hatch or tailgate even when loaded.

- SecureLock<sup>™</sup> ensures box is properly closed prior to driving
- Pre-wired tail lights (4-pin) and license plate adapter included
- Cargo box tilts down for partial access to the rear of the vehicle
- Adapts to 11/4" and 2" receivers, class II or III (adapter included)
- Carries 13 cubic feet or up to 150 lbs of cargo per box
- 1 One-Key<sup>™</sup> lock included to secure box contents

## Tahoe™

The most spacious roof bag Thule offers is expandable, offering up to 17 cubic feet of cargo space for maximum storage.

## **Technology & Features**

**Tahoe**<sup>™</sup> 867

- Expandable from 15 to 17 cubic feet
- Internal foam structure protects contents and keeps bag shape while loading and unloading
- Durable, taped-seam construction provides superior weather resistance
- Bag is held securely to load bars, side rails or both with heavy-duty double-stitched cargo straps
- 3-sided zipper allows for easy access for loading and unloading
- Collapses fast and compact for easy storage storage bag included
- Carries up to 17 cubic feet of cargo
- Fits Thule rack systems, round bars and most factory racks

**Storage Bag** Collapses fast and compact for easy storage.

## Caravan<sup>™</sup> 857</sup>

Environmentally friendly, this roof bag offers you PVC-free construction with 13 cubic feet of cargo space.

- Cargo is protected by durable, PVC-free coated nylon
- Weather resistant construction helps keep contents dry
- Heavy-duty snap buckles secure the bag to the vehicle
- Collapses for fast, compact easy storage storage bag included
- Carries up to 13 cubic feet of cargo
- Fits Thule rack systems, round bars and most factory racks

## Quest<sup>™</sup> 846

This standard roof bag provides convenient cargo space for your vehicle at a great price.

- Durable, weather resistant construction helps keep contents dry
- Heavy-duty snap buckles secure the bag to the vehicle
- Collapses for fast, compact easy storage storage bag included
- Carries up to 13 cubic feet of cargo
- Fits Thule rack systems, round bars, and most factory racks

# Cargo basket

# M.O.A.B.<sup>™</sup>

Perfectly sized to fit on 4x4s, SUVs and wagons, the M.O.A.B. (Mother of All Baskets) provides maximum cargo versatility and durability.

## **M.O.A.B.**<sup>™</sup> 690XT

- Durable, heavy-duty steel construction secures your gear during transport
- Comes with adjustable Thule load bars so you can attach
   other carriers to the basket
- Custom fairing for improved aerodynamics and reduced wind noise
- Easy to install and remove with QuickMount<sup>™</sup> hardware
- Carries up to 165lbs with a wide variety of configurations
- Measures 44" x 39" x 6.5"
- Fits Thule rack systems, round bars and most factory racks

#### M.O.A.B.™ Extension 691XT

Add an extension to the M.O.A.B. roof basket for an additional 20" of cargo space.

#### Stretch Cargo Net 692

This heavy-duty cargo net, with extra large impact resistant hooks and shock cord construction, holds and secures all luggage, camping and cargo gear. Fits M.O.A.B. and M.O.A.B. Extension baskets.

# Thule Crossover<sup>TM</sup>

É

# 60L Rolling Upright

This rolling upright combines the functionality of a roller bag with the flexibility of a detachable day pack.

## 60L Rolling Upright w/ Race Pack TCRU-2

- Durable exoskeleton, oversized wheels and Thule V-Tubing<sup>™</sup> telescoping handles guarantee a smooth, steady and straight pull
- Convenient, detachable 670 cu in race pack for daily essentials
- Lockable, crush-proof SafeZone<sup>™</sup> compartment
- Divided main compartment

## 87L Rolling Duffel

A large gear bag with wide-mouth access to easily load helmets, boots, jackets and other travel essentials.

## 87L Rolling Duffel TCRD-2

- Durable exoskeleton, oversized wheels and Thule V-Tubing<sup>™</sup> telescoping handles guarantee a smooth, steady and straight pull
- Divided main compartment keeps clean-from-dirty and wet-from-dry
- Lockable, crush-proof SafeZone<sup>™</sup> compartment

## 38L Rolling Carry-On

A one-of-a-kind hybrid carry-on doubles as a backpack.

## 38L Rolling Carry-On TCRU-1

- Durable exoskeleton, oversized wheels and Thule V-Tubing<sup>™</sup> telescoping handles guarantee a smooth, steady and straight pull
- · Hide-away backpack straps allow for quick and easy shouldering of this carry-on roller
- Wheels face away from body when roller is used as a backpack, allowing for a clean, comfortable carrying experience
- Lockable, crush-proof SafeZone<sup>™</sup> compartment
- Protective raised rails

## 56L Rolling Duffel

An ideal gear bag with wide-mouth access to easily load helmets, boots, jackets and other travel essentials.

## 56L Rolling Duffel TCRD-1

- Durable exoskeleton, oversized wheels and Thule V-Tubing<sup>™</sup> telescoping handles guarantee a smooth, steady and straight pull
- Divided main compartment keeps clean-from-dirty and wet-from-dry
- Lockable, crush-proof SafeZone<sup>™</sup> compartment

70L Duffel Bag TCDB-1

This duffel has the room to handle any journey.

- Large, gusseted side pockets hold a helmet or other bulky gear
- Full zippered access ensures easy packing and unpacking of gear
- Lockable, crush-proof SafeZone<sup>™</sup> compartment
- Protective raised rails
- Detachable shoulder strap

40L Duffel Pack TCDP-1

A hybrid bag equipped with backpack straps, duffel handles, flexible storage and organization options.

- Large, gusseted side pockets separate clean-from-dirty, wet-from-dry
- Zippered rear panel access for quick retrieval of gear/clothing
- Lockable, crush-proof SafeZone<sup>™</sup> compartment
- Raised rails give your bag and gear extra protection
- Breathable air mesh backpack straps

**30L Backpack** TCBP-1

Highly functional pack with crushproof SafeZone<sup>™</sup> compartment.

- Full access to main compartment means easy retrieval of gear/clothing
- Quick-access pockets for snacks, books and portable electronics
- Side pocket keeps hydration close at hand
- Lockable, crush-proof SafeZone<sup>™</sup> compartment
- Breathable air mesh backpack straps

19L Sling Pack TCSP-1

A sleek, low profile commuter bag that allows easy in-use access.

- Top-load pouch holds 15" MacBook®
- Oversized, padded air mesh strap and multiple grab-and-go handles

MacBook<sup>®</sup> Messenger Bag TCMB-115

A sleek, low-profile, securityfriendly messenger bag gets you around town and through airports with ease.

- Holds up to 15" MacBook Pro®
- TSA-compliant (U.S. only) laptop compartment unzips flat for unobstructed security scanning\*
- Crush-proof SafeZone<sup>™</sup> compartment

\*To get through airport security smoothly, don't place anything other than your laptop in this compartment to ensure an unobstructed x-ray view. It is up to the discretion of the U.S. Transportation Security Officer whether further screening is required.

MacBook<sup>®</sup> Backpack TCBP-117

A highly functional daypack, with crush-proof SafeZone<sup>™</sup> compartment, withstands abuse of everyday adventures.

- Padded, integrated laptop compartment holds up to 17" MacBook Pro®
- Organization compartment manages
   accessories, keys and small electronics
- Lockable, crush-proof SafeZone<sup>™</sup> compartment

# Transport

Whether you're traveling around town or to your next adventure, Thule Transport provides innovative organization options for instant access to the gear you need in your vehicle.

## Large Cargo Duffel

Organize, store and transport your gear in this rugged 70 liter cargo duffel.

## Large Cargo Duffel TTRD-124

- Water-resistant materials and a durable polyurethane base ensure your gear is protected from the elements
- Side grab handles and side zipper entry
- Large, zippered access through the top of the duffel for easy storage of boots, helmets, climbing gear or other large items

## Medium Cargo Duffel

Organize, store and transport your gear in this rugged 38 liter cargo duffel.

## Medium Cargo Duffel TTRD-118

- Water-resistant materials and a durable polyurethane base ensure your gear is protected from the elements
- Side grab handles and side zipper entry
- Large, zippered access through the top of the duffel for easy storage of boots, helmets, climbing gear or other large items

Large Trunk Organizer

54 liter large trunk organizer with zip-top closure.

- Wire frame provides stability and collapses for storage
- Carry handles for easy portability
- Transparent top panel zips closed

**Medium Trunk Organizer** TTTO-3

41 liter medium trunk organizer collapses for compact storage.

- Wire frame provides stability and collapses for storage
- Carry handles for easy portability
- Non-skid base keeps the organizer in place

Small Trunk Organizer

27 liter small trunk organizer collapses for compact storage.

- Wire frame provides stability and collapses for storage
- Carry handles for easy portability
- Non-skid base keeps the organizer in place

**Trunk Organizer Bag** TTTO-1

Horizontal trunk organizer with a compact, low-profile design.

- Designed to hold jumper cables, tire chains and other maintenance and safety items
- Carry handles and straps for easy portability
- Transparent front panel allows visibility to items inside organizer

Front Seat Organizer

Front seat organizer creates a close-at-hand mobile office.

- Padded pocket holds up to 16" laptop
- Satchel-style design for easy portability
- Tilt-out front pocket for driver's quick access to small electronics and other items

Seat Back Sling Organizer

Sling-style organizer slides over the passenger seat for easy access by driver.

- Attaches conveniently to back of front passenger seat with adjustable strap
- Adjustable pocket holds water bottle
- Grab-and-go carry handle
- Slings over the shoulder for easy portability

Document Wedge TTDW-1

Document wedge slips between seat and center console to keep paperwork organized.

- Innovative wedge structure slips between seat and center console
- Fits 8.5 x 11" paper
- Organization panel for small documents, electronics or pens

Seat Wedge Organizer TTSW-1

Seat wedge holds personal electronics, charger cables, money and small personal items.

- Innovative wedge structure slips
   between seat and center console
- Non-skid lining and adjustable divider keep everything in its place
- Small stash pocket for quick access to cash

Litter Bag

Sleek trash bag provides receptacle for litter.

- Hangs over seat back or other convenient locations with adjustable strap
- Self-closing top keeps trash hidden and secure
- Water-resistant liner keeps spills contained

Visor Organizer

Visor organizer holds small electronics, garage door opener and other small items.

- Features patented, flip-up mirror access design
- Attaches to visor with hook and loop straps
- Multiple pockets for pens, vehicle documents and registration and other small items

Electronics Organizer TTEO-1

Electronics organizer with weighted base holds small electronics and personal items.

- Weighted, non-skid base keeps the organizer in place
- Non-skid strip in lining keeps electronics from sliding around

Catch-All

Catch-all provides easy access to small electronics and other items.

- Innovative vent-mount attachment mechanism
- Front stash pocket for quick access to small items
